

TIPS FOR YOUR FIRST RIDE

Always yield to pedestrians

Sidewalk riding may not be allowed in your city.

Ride with your weight back

Put both feet on the board, one in the center and one behind. If the scooter has a rear foot brake, keep a heel over it at all times.

Park respectfully

Make sure your scooter is upright and not blocking anyone's way. More parking instructions in the app.

Wear a helmet

Check your email for special discounts after you sign up for the Spin app.

Start slow on a quiet street

Test out the throttle and brakes to get comfortable.

Follow the rules of the road

Use bike lanes when possible. Always travel in the direction of traffic, and stop at stop signs and lights.

Stay safe and alert

Don't listen to headphones while riding, and always keep both hands on the handlebars. Don't ever carry a passenger or ride under the influence.
